	Evaluate potential impact of changes and IT developments on business

### New Gen AI skills

Regulatory, legal, and risk management compliance in AI and Gen AI	3	Ethical frameworks for Gen AI	3	Gen AI data governance	3
Gen AI principles and applications	3	Prompt design	3		

1. Transferrable skills with an increase in one level of proficiency is considered easier to acquire than transferable skills with multiple levels of increase in proficiency, followed by net new additional skills. Depending on job redesign for the financial institution, the financial institution will have to pick select skills to reskill employees on, via a combination of on-the-job training and existing courses.
