

Brief descriptor – new/emerging jobs

Inventory & Capacity Specialist:

Today's fast-paced consumer market requires organisations to ensure items are in the right location at the right time to meet the needs of the consumer. The role will forecast and prioritise inventory flow based on current and projected demand trends, collaborating cross-functionally and communicating the organisation's needs to suppliers. The specialist will be responsible for performing inventory analysis to optimise stock levels, and any inventory issues are expected to be investigated and resolved in a timely manner. The specialist will also seek to improve supply chain performance such as inventory turnaround and on-time delivery, and manage risks while managing suppliers through tracking performance metrics and driving them to improve their service, cost, quality and delivery levels.
