

Embargoed till 29 July 2020, 10.30am

Annex B: Details on extension of traineeships under SGUnited Traineeships as attachments to mid-career jobseekers under SGUnited Mid-Career Pathways Programme

Host organisations whose SGUnited Traineeships have been approved

As of 29 July 2020, Host Organisations whose SGUnited Traineeships applications have been approved will be given the option to also take on mid-career individuals through the SGUnited Mid-Career Pathways Programme. Their approved positions posted on MyCareersFuture.sg will be automatically converted and open to both fresh/recent graduates and mid-career jobseekers, and the postings will eventually show both the #SGUnitedTraineeships and #SGUP hashtags. The SBF will reach out to these host organisations with more details.

Prospective host organisations who have submitted their application forms or earlier indicated interest to participate for SGUnited Traineeships Programme

For organisations whose applications are being processed as of 29 July 2020, the proposed positions put up will be applicable to mid-career individuals as well. Upon approval, these organisations will be advised by the SBF on how to post these positions on the MyCareersFuture.sg portal.

For organisations who have indicated interest, the SBF will progressively reach out to them to initiate the application process.
