

INTRODUCTION

APPLICATION MANAGEMENT SYSTEM (AMS)

What is the Application Management System (AMS)?

AMS is a common workspace designed to manage online applications and connect Citizens (Applicants), Processing Officers (Partners), and Admin Managers (SSG/WSG staff) for SSG/WSG programmes.

What key activities will I be performing?

What are the other roles in the Application Management System?

Applicants

Apply for the various PCPs via the platform

- **Seamless** application process
- Receive **continuous updates** up till application approval

Processing Officers

Manage PCP applications submitted to them on the platform

- **Common workspace** to manage all applications
- **Near real-time overview** of applications

Admin Managers

Oversee Application Management System

- **Near real-time overview** of PCP applications
- Generate standard reports

Careers Connect/ Career Services Officers

Extend career services to applicants

- **Filter and view** applicants based on their employment and application status

How do I access the Application Management System (AMS)?

Accessing AMS via Corppass

1. Click on the link below to log in with **Singpass**
<https://ams.ssg-wsg.sg/Admin/Home.aspx>

Note:

1. Ensure that your **Corppass** access has been provisioned by your organisation's **Corppass** Admin.
2. Otherwise, refer to the next section to learn how you can request for access.
3. From 11 Apr 2021, you will be required to login to government digital services for businesses (G2B) using **Singpass** instead of **Corppass**. Find out more: <https://go.gov.sg/corporate-login>.

Requesting for access

Follow the listed steps below to request for the “Access Manager” role in **Corppass** to be assigned to you:

For existing Corppass users:

1. Approach the **Corppass** Admin from your organisation to assign you with the “**Access Manager**” role in **Corppass**

For new Corppass users:

1. Approach the **Corppass** Admin from your organisation to create your **Corppass** user account
2. You will need to verify your newly created **Corppass** account before your **Corppass** Administrator can assign you with the “**Access Manager**” role
3. Upon verification, your **Corppass** Admin will then be able to proceed and assign you with the “**Access Manager**” role in **Corppass**

Note:

Also, do note that Access Managers can also be assigned with the “**Processing Officer**” role if required. Please refer to your organisation's SOP on whether your organisation allows for a single officer to hold both accounts.

Still need more help?

For **Corppass** admins, you can retrieve additional help on assigning **Corppass** access at the link below:

How do I create/deactivate a Processing Officer's Account?

Creating New Processing Officer Account

Before creating a new Processing Officer account, you will first need to create a new **“Contact Person”** from your organisation* in the Application Management System.

1. On the left navigation bar, click on **Manage Roles**
2. Click on the **Organisation Contact Details** dropdown
3. To create a new **“Contact Person”**, click on **CREATE CONTACT PERSON**
4. In the pop-up overlay, enter the details, i.e. NRIC, Full Name, Contact No. and Email
5. Click on **Save Details**

Deactivating a Processing Officer's Account

1. On the left navigation bar, click on **Manage Roles**
2. Click on the **Contact Person Details** dropdown
3. In Search bar, enter the NRIC of the Processing Officer
4. In the listings displayed, click on the NRIC of the Processing Officer that you would like to deactivate
5. In the **Is Active** field, untick the checkbox
6. Click on **Save Details**

How do I assign Processing Officers to their relevant programme?

Assigning a Processing Officer to a Programme

You will be able to assign access rights to Processing Officer accounts from your organisation to allow them to manage the relevant programmes under their purview.

1. On the left navigation bar, click on **Manage Roles**
2. Click on the **Programme(s) Assigned to Personnels** dropdown
3. Click on **NEW ASSIGNMENT** to create a new assignment
4. In the pop-up overlay, enter the NRIC of the Processing Officer to be assigned
5. Enter the **Effective Start Date** and **Effective End Date** of the access rights of the Processing Officer(s)
6. Click on **Save Assignment** to complete the process.

No end date for access rights?

To assign a programme to a Processing Officer indefinitely, input the **Effective End Date** to 01/01/2999.

How do I unassign a Processing Officer's account from a programme?

Unassigning a Processing Officer from a Programme

1. On the left navigation bar, click on **Manage Roles**
2. Click on the **Programme(s) Assigned to Personnels** dropdown
3. In Search bar, enter the NRIC of the Processing Officer or the Programme Name
4. Click on the NRIC of the Processing Officer that you would like to unassign
5. To unassign access to a programme, click on  located in the Action column
6. Click on **Save Assignment**
