

SGUNITED JOBS AND SKILLS PLACEMENT PARTNERS INITIATIVE

The SGUnited Jobs and Skills (SGUJS) Placement Partners initiative provides companies with an avenue to tap on the strong recruitment capabilities of employment agencies to support their hiring needs. Companies would be able to access a wider pool of local jobseekers who are mature, long-term unemployed, or persons with disabilities.

How It Works

Companies may choose to engage one or more SGUJS Placement Partners. While WSG provides SGUJS Placement Partners with a fee per qualifying job placement or attachment enrolment, SGUJS Placement Partners are licenced employment agencies and they **may charge companies a fee.**
